

Safety data sheet according to regulation
(EC) No 1907/2006 and (EC) No 1272/2008

Trade name: Glicorit 500/700
Created on: 01.03.2010
Issue date: 01.06.2015
Version: V2.1
Replaces former version: V2.0

Revision datet: 20.09.2017
File name: Glicorit_en_SDB

1. Designation of Material/Preparation/ and Company

Trade-name : Glicorit 500/700

REACH registration number: none

Product Information: Thermal insulation of industrial equipment

Manufacturer/Supplier :

Techno-Physik Engineering GmbH

Schürmannstrasse 27- 31

D- 45136 Essen

Postfach 22 01 08

D- 45066 Essen

phone / fax / e-mail

+49 / 201 / 87991-1 / +49 / 201 / 87991-99 / info@Techno-Physik.com

2. Composition: Information on Constituents

Chemical Characterisation:

Mica and silicone resin.

3. Potential Hazards

3.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 The substance is not classified according to the CLP regulation since it is an article.

3.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 Void

Hazard pictograms Void

Signal word Void

Hazard statements Void

3.3 Other hazards Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

4. First-aid Precautions

4.1 after skin contact

Wash the affected areas of skin with water and mild soap.
Do not use any other cleansing agents.

4.2 after contact with the eyes

Rinse the eyes with water

**Safety data sheet according to regulation
(EC) No 1907/2006 and (EC) No 1272/2008**

5. Fire-fighting Precautions

Appropriate extinguishing agents are water, CO₂, etc.

6. Action on accidental Release into the Atmosphere

No measures required.

7. Handling and Storage

7.1. Handling no data
7.2. Storage store dry

8. Exposure Control and personal protective Clothing and Equipment

8.1. Additional instructions for the construction of technical plants Use technical protective measures (e.g. dust exhaustion) to keep dust to a minimum

8.2. Constituents with limits affecting the workplace which require monitoring:

<u>Designation</u>	<u>Limit</u>	<u>Nature of limit</u>
Synthetic mineral fibres	500,000 fibres/m ³	TRK
General dust limit	6 mg/m ³	MAK

8.3 Personal Protective Clothing

<u>Respiratory protection</u>	Where the limits have been exceeded (see Point 8.2.) breathing apparatus with a particle filter corresponding to DIN 1381-P2 must be worn. It is recommended that these masks should be worn also at lower fibre concentrations.
Hand protection	The use of protective gloves is recommended.
Eye protection	A suitable pair of goggles must be worn when working overhead.
Body protection	Wear loose-fitting, long-sleeved, working clothes (disposable protective suits are recommended), headdress is recommended for overhead work.
Protective and hygiene precautions	Clean the workplace regularly. Staff must be required to work cleanly and to observe high standards of personal hygiene.

9. Physical and chemical Properties

9.1. Appearance: Form sheets
 Colour : beige, brown
 Smell : odourless :
9.2 Data of relevance for safety pH-value:
 Flash-point/flammability:
 Change of state: above 250 °C
 Explosive limits: -
 Vapour pressure: -
 Density: 1.5 to 2.5 kg/m³

10. Stability and Reactivity

Silicone resin decomposes.

11. Toxicological Data

no data

12. Ecological Data

The, mostly mineral, constituents of these products are inert and stable.
Hydrolytic Class III

13. Instructions for Disposal

These products contain no hazardous substances in the sense of the Dangerous Substances Directive and may be disposed of in an appropriate disposal site in keeping with official and local regulations. Residues and waste not subjected to thermal effects will be taken back by the manufacturer.

EEC-Code for waste glass: 101103

14. Shipping Data

These products do not present any shipping hazard. Protect products from damp during shipment. Avoid the creation of dust.

15. Regulations

These products are not subject to labelling regulations as they contain no hazardous substances in the sense of the Hazardous Substances Directive or the corresponding EU directives.

European Regulations:

Directive 97/69/EC

German Regulations:

TRGS 521 - Fibre Dusts
